

One Spark Academy
Media Release

If you have seen our website or social media accounts, you will note that our advertising includes tasteful and lovely visuals of our students in action. We always aim to select photos that the students themselves would be proud to share, but we are mindful of student privacy and select images carefully. During our instructional program, One Spark Academy staff may be taking photographs of your child and/or videotaping, which includes, but is not limited to: classes on site, field trips, labs, and events. This documentation may be on the OSA website, other OSA social media, or potentially in future videos. We would like your permission to include your child's image in these photographs and videos. Your child's **name** will not be used in any specific video or attached to a photo without prior approval.

_____ **I give permission** for OSA to use images of my child in photographs for the website, social media, and/or videos.

_____ **I do NOT give permission** for OSA to use images of my child in photographs for the website, social media, and/or videos.

Student name: _____

Parent/Guardian Signature: _____ Date: _____

*Please note: One Spark Academy may include your child's image in **non-public material**, such as Yearbooks, or outdoor school/field trip pictures or videos, which are intended for viewing by One Spark Academy community members only.

If there is a reason why your child's image cannot be used in any **non-public material**, or you would like to specify where/when photos may be taken, please inform us in the space below.
